

# Export Outlook for Horticultural Products

Revised FY 2007 Forecast:  \$400 million to \$18.0 Billion

## Revisions Since November

### *Upside Developments*

- Florida grapefruit exports recover

### *Downside Developments*

- Tree nut (mainly almond) prices are weaker
- California citrus fruit production and exports lower due to freeze damage

### *Wild Cards*

- SPS issues ( eg. EU proposed testing for almond aflatoxin)

Export Value (\$Bil)
